training**

Paramedic Intern Recruitment Process Steps:

Advertising and Proposed Intakes

- The vacancy is open in April 2025 for ~ two weeks
- Set up a job alert on SA Health Career site or I Work for SA to be notified when the job goes live
- Late applications will not be accepted under any circumstances
- Internship will be advertised as a pool
- Offers will be made based on organisational need
- Proposed intake dates :
 - **26 January 2026**
 - **01 June 2026**
 - **28 September 2026**
- If you are unable to accept the offer made, you may not be made a further offer
- Remaining recommended candidates not made an offer will be placed in the recruitment pool for a period of 12 months and be contacted should an internship opportunity arise

Documents Required

Documentation required will be outlined in the Paramedic Internship 2026 Document Checklist on the SAAS Career site

- Most recent Academic Transcript
- Ahpra Registration Number (if applicable)
- Colour copy of the front & back of your driver's licence
- National Police Certificate (NPC)
- South Australian DHS Working with Children Check (WWCC)
- Your Cover Letter, CV & Clinical Placement Reports

Clinical Placement Reports

- 2 Clinical Placement Reports
- 1 Team Leader Report

If you are studying at a University other than Flinders University and do not have a Team Leader Report, please include one or all the following documents that provide evidence of your competence obtained during your degree:

- University Letter Hospital Letter
- Placement Skills
- Logs/OSCE books
- Extra Placement report

REFEREES

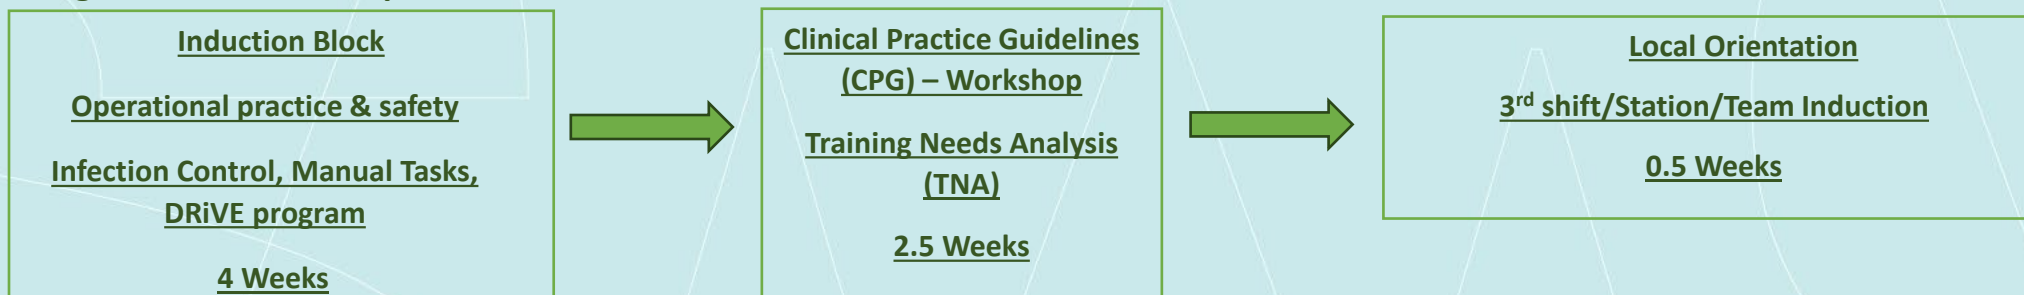

You are required to supply three referees:

- **Qualified Paramedic** with an Ambulance service directly involved in your clinical placements and or development who can accurately comment on your abilities whilst undertaking placements as part of your studies,
- a **Line Manager or Team Leader** within an Ambulance service who can comment on your abilities whilst undertaking placements as part of your studies
- a **Line Manager or Supervisor** in any other professional work or volunteering capacity

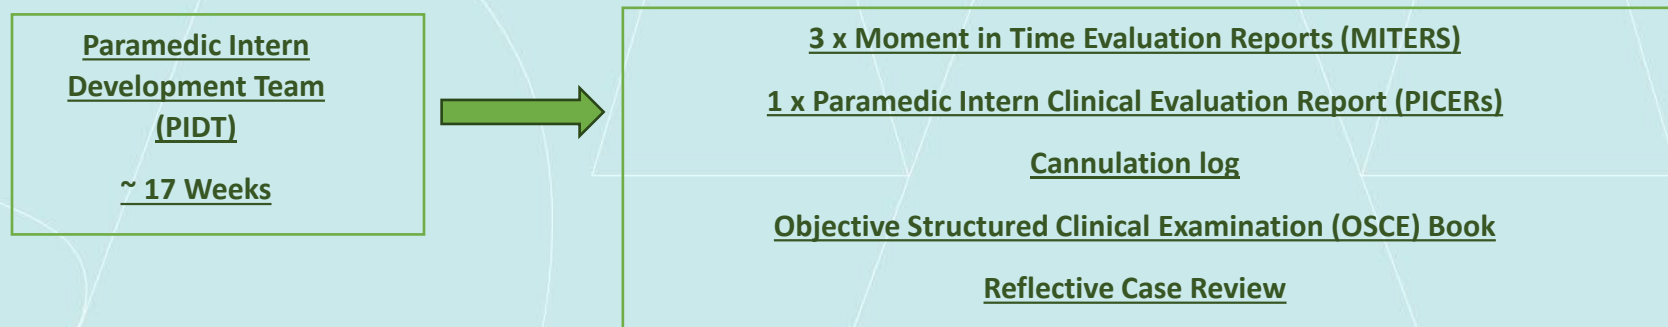

Proposed Internship Program 2026:

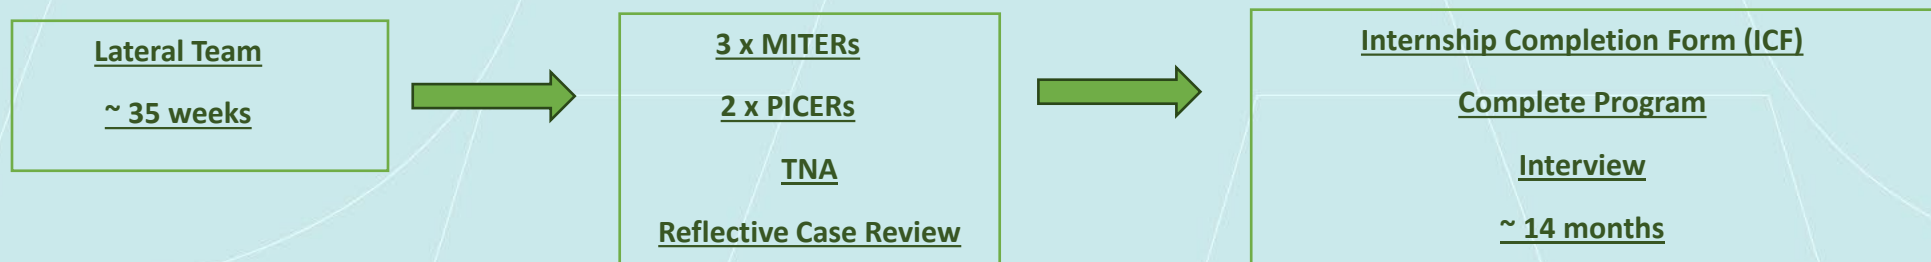

Stage 1: Induction Components – Clinical Education

Stage 2: Supervised Practice – Direct Supervision

Stage 3: Supported Practice – Indirect Supervision

QUESTIONS DURING THE APPLICATION PROCESS
