OFFICIAL

2021-2022 ANNUAL REPORT for the SAAS Volunteer Health Advisory Council

To:

Chris Picton

Minister for Health and Wellbeing

This annual report will be presented to Parliament to meet the statutory reporting requirements of *the Health Care Act 2008 (SA)* and the requirements of Premier and Cabinet Circular *PC013 Annual Reporting*.

This report is verified to be accurate for the purposes of annual reporting to the Parliament of South Australia.

Submitted on behalf of the SAAS Volunteer Health Advisory Council by:

Mr Ian Pay, ASM

Presiding Member

SAAS Volunteer Health Advisory Council

Date: 01 September 2022

Signature:

A handwritten signature in black ink, appearing to read 'I Pay', written in a cursive style.

From the SAASVHAC Presiding Member

SA Ambulance Service Volunteer Health Advisory Council (SAASVHAC) continued to be active despite the COVID-19 impacts.

SAASVHAC continued to communicate and consult with SAAS Volunteers, Zone Ambulance Coordinating Committees (ZACC) and SA Ambulance Service (SAAS) management, despite the reduced capacity to meet face to face.

The communication strategy by SAASVHAC ensured the needs, priorities and interests of SAAS volunteers were safeguarded and the provision of ambulance services to country South Australia were sustained.

On occasion, country volunteers supported their metropolitan crews with work capacity.

ZACCs continued to meet predominantly online during the COVID-19 period, utilising technology to conduct their meetings. This allowed these committees to continue to actively support their local volunteer teams to ensure the provision of an ambulance service to country South Australians.

SAAS volunteers again rose to the challenging times that COVID-19 presented and continued their volunteering hours during lockdowns and restrictions as well as adapting to changes in clinical procedures and vaccination mandates.

SAASVHAC continued to support an increase in funding allocated specifically to volunteer training from extra funds generated from the Country Operating Reserve Fund (CORF). Following the approval to convert funds within the Country Capital Reserve Fund (CCRF), the additional training ambulances and clinical training equipment have been purchased and rolled out as part of a three-year program. This, together with an overall education package, ensured that our volunteers had the highest level of training at their disposal. This equipment enhanced the level of training, particularly in the practical application of volunteer training.

The initiative to issue iPads to students has enabled them to access online study easily. A lack of connectivity in some country areas continues to be an issue for some volunteers.

SAAS continued to support volunteers who experienced some issues with the introduction of security access to their email accounts and these challenges have been rectified over time. SAAS provided ongoing support to the volunteers with implementing different internet connections and whilst supported not all areas/stations are suited to some IT connections. SAASVHAC continues to advocate on behalf of volunteers to improve connectivity issues.

OFFICIAL

2021-2022 ANNUAL REPORT for the SAAS Volunteer Health Advisory Council

The SAAS Community Engagement Officer has supported volunteer teams in recruitment and retention and has worked closely with volunteers and managers to offer strategies to improve their success. SAASVHAC liaised closely to ensure recruitment strategies were current and effective.

While this enhanced the overall number of available operational volunteers, some areas remain without improvement and alternative service delivery options must be continually explored.

Retention of volunteers continued to be a challenge with SAASVHAC and SAAS management continually addressing the challenges. Recruiting in some areas is difficult due to changing demographics, the reduction in local farming employment and an aging population.

The Ambulance Assist (AA) and Ambulance Responder (AR) qualifications have engaged new volunteers who provided support to Volunteer Ambulance Officers (AO). A well-defined pathway from recruit to AA, AR and then AO, has improved retention of SAAS volunteers and continues to be a focus for SAASVHAC and SAAS.

The portfolios that were allocated to SAASVHAC members increased the involvement and knowledge of the Council. This has empowered members to continue to be active and vital voices for our volunteers in reporting to management. The ongoing understanding of SAASVHAC members and the cooperation of SAAS management continued to provide excellent feedback to and from the Council. Portfolio areas have changed during the reporting period as projects were completed and additional projects started. The implementation of the portfolios continued to provide a much sought-after involvement and satisfaction of all SAASVHAC members.

SAASVHAC had a membership of 12 with continued support from the SAAS Volunteer Support Unit with administration and advice, and without this support, SAASVHAC could not function.

SAASVHAC will continue to communicate positively and effectively with SAAS management in order to enhance our relationship and achieve a positive outcome for all volunteers.

Mr Ian Pay, ASM
Presiding Member
SAAS Volunteer Health Advisory Council

Overview: about the agency

Our strategic focus

<p>Our Purpose</p>	<p>SAASVHAC’s purpose is to:</p> <p>Provide advice and advocate for the needs, priorities, and issues concerning volunteers within SAAS in its provision of ambulance service to the country regions of South Australia.</p> <p>Represent the interests and needs of volunteers within SAAS across all country regions of South Australia.</p> <p>Provide advice to the Minister and SAAS on matters affecting or affecting the volunteer sector within SAAS.</p> <p>Provide advice on any strategic issue that may impact the recruitment or retention of SAAS Volunteers.</p>
<p>Our Vision</p>	<p>To be a professional, vibrant, and committed volunteer workforce delivering best practice patient care within SAAS, with SAAS being the volunteer organisation of choice.</p>
<p>Our Values</p>	<p>To support, promote and understand SAAS volunteers through the representation of the Zone Advisory Committees while being open, honest, and transparent in communication with the Management of SAAS.</p>
<p>Our functions, objectives and deliverables</p>	<p>SAASVHAC continues to focus on:</p> <p><u>Our People</u> – We commit to developing a professional, vibrant, motivated and informed volunteer force which is an integral part of a successful service delivery model.</p> <p><u>Communication</u> – We commit to meaningful, relevant and timely communication with our volunteers, SAAS and communities.</p> <p><u>Training and Development</u> – We commit to providing fulfilling, flexible and relevant training which supports both the delivery of services and the personal growth of our volunteers.</p> <p><u>Reward and Recognition</u> – We commit to developing an innovative and meaningful strategy which recognises, rewards and promotes achievements and contributions of our volunteers.</p> <p><u>Recruitment</u> – We commit to aligning our retention and recruitment strategies to the fundamental needs of our volunteer community.</p> <p><u>Advocacy and Lobbying</u> – We commit to identifying and acting upon current, relevant issues which impact volunteers and to a vigorous process of broad community engagement.</p> <p><u>Financial Sustainability</u> – We commit to a well-organised, efficient and transparent process for the administration of the CCRF and CORF.</p>
